ABOUT THIS DOCUMENT

This Information Circular is being furnished in connection with the solicitation of proxies by and on behalf of the management of Mullen Group. Specific information related to the solicitation of proxies begins on page 5.

This Information Circular explains what items of business the Meeting will cover and outlines the voting process, as well as provides information on our governance practices and approach to executive compensation.

MAILING THE MEETING MATERIALS

We have elected to use the "notice-and-access" provisions under National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the Meeting in respect of mailings to our non-registered (beneficial) shareholders but not in respect of mailings to our registered shareholders. The Notice-and-Access Provisions are rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials online. This procedure is an environmentally-friendly and cost-effective way to distribute the Information Circular as it reduces printing, paper and postage requirements.

The Corporation has also elected to use procedures known as 'stratification' in relation to its use of the Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of an information circular and, if applicable, a paper copy of financial statements and related management's discussion and analysis ("**Financial Information**"), to some shareholders together with a notice of a meeting of its shareholders. In relation to the Meeting, registered shareholders will receive a paper copy of each of a notice of the Meeting, this Information Circular and a form of proxy whereas non-registered (beneficial) shareholders will receive a Notice-and-Access Notification and a request for voting instructions ("**Notice Package**"). Furthermore, a paper copy of our 2017 Annual Financial Review, containing Mullen Group's 2017 annual audited consolidated financial statements (the "**2017 Annual Financial Statements**") for the year ended December 31, 2017, together with management's discussion and analysis thereon (the "**2017 MD&A**"), will be mailed to our registered

In this Information Circular the words "we", "us", "our", and "Corporation" all refer to Mullen Group.

"You" and "your" refers to the holders of our Common Shares.

All dollar amounts are presented in Canadian dollars, unless otherwise stated.

All information is provided as at March 15, 2018, unless otherwise stated.

The Meeting Process - General Information

shareholders, as well as those non-registered (beneficial) shareholders who have previously requested a copy.

Access to Meeting Materials

The management proxy circular is available on the System for Electronic Document Analysis and Retrieval ("**SEDAR**") website (www.sedar.com) and on Broadridge Financial Solutions, Inc.'s ("**Broadridge**") Website (<http://materials.proxyvote.com/625284>).

Non-registered share owners can request a copy of the management proxy circular up to five business days in advance of the proxy deposit date and time set out in the accompanying voting instruction form in order to receive the Meeting Materials, as defined below in advance of the meeting date. Non-registered (beneficial) shareholders who have not objected to their intermediary disclosing certain ownership information about themselves to Mullen Group are referred to as "**NOBO's**" while non-registered (beneficial) shareholders who have objected to their intermediary disclosing ownership information about themselves to Mullen Group are referred to as "**OBO's**".

The Meeting Materials will be sent indirectly to the NOBO's through their intermediaries or brokers. Mullen Group does not intend to pay for brokers or intermediaries to forward the Meeting Materials to OBO's. Accordingly, OBO's will not receive the Meeting Materials unless the OBO's broker or intermediary assumes the cost of delivery.

Our transfer agent, Computershare Trust Company of Canada ("**Computershare**") will mail the Information Circular and other proxy materials (collectively the "**Meeting Materials**") directly to our registered shareholders and our employee plan shareholders.

REQUEST FOR ANNUAL AND INTERIM REPORTS

Each year we also make available to registered and non-registered (beneficial) shareholders a "**Mailing List Request Form**" with our Meeting Materials. If you wish to receive Mullen Group's annual and/or interim financial reports for the upcoming year, please complete and return the enclosed request form in the manner indicated. You can also access our annual and interim financial reports on SEDAR at www.sedar.com or on our website at www.mullen-group.com under the Investors Tab (Reports and Filings).

The Meeting Process - General Information

WHO CAN VOTE

Our Common Shares are the only class of shares we have outstanding. At the close of business on February 28, 2018, there were 103,654,316 Common Shares issued and outstanding.

We also have outstanding unsecured convertible subordinated debentures (the "**Debentures**") that can be converted at the option of the holder into Common Shares. At the close of business on February 28, 2018, there was an aggregate of \$12,445,000 principal amount of Debentures outstanding that, if converted, could result in approximately an additional 1.16 million Common Shares being issued (exclusive of additional Common Shares that may be issued in respect of any accrued and unpaid interest of the Debentures).

Only holders of record of Common Shares at the close of business on the Record Date of March 15, 2018, will be entitled to vote at the Meeting, unless a shareholder has transferred Common Shares subsequent to the Record Date and the transferee shareholder takes the necessary steps to properly establish ownership of such transferred shares. Each outstanding Common Share entitles the holder to one vote at the Meeting.

Principal Holders of Securities

To the knowledge of our directors and officers, as at March 15, 2018, no person or company beneficially owned, or controlled or directed, directly or indirectly, Common Shares carrying more than 10 percent of the votes attached to all of the issued and outstanding Common Shares.

Types of Shareholders

You are a **registered shareholder** if your Common Shares are registered in your name and you have a share certificate. Registered shareholders will receive an "**Instrument of Proxy**" with the Information Circular and should refer to the sections entitled "Voting - What You Need to Know" (page 5) and "Voting by Registered Shareholders" (page 6) for information on how to vote your shares.

You are an **employee plan shareholder** if you hold Common Shares through the Mullen Group Employee Share Purchase Plan (the "**ESPP**"). You will receive an "**Instrument of Proxy**" with the Information Circular and should refer to the sections entitled "Voting - What You Need to Know" (page 5) and "Voting by Employees Who Participate in the Mullen Group Employee Share Purchase Program" (page 7) for information on how to vote your shares.

You are a **non-registered (beneficial) shareholder** if your Common Shares are held by an intermediary, such as a broker, investment dealer, bank, trust company, trustee, nominee or other intermediary (collectively, an "**Intermediary**"). Non-registered (beneficial) shareholders who are NOBOs will be provided access to a "**Voting Instruction Form**" or "**VIF**" with the Notice Package and should refer to the sections entitled "Voting - What You Need to Know" (page 5) and "Voting by Non-Registered (Beneficial) Shareholders" (page 8) for information on how to vote your shares.

Throughout this Information Circular we refer to the Instrument of Proxy and Voting Instruction Form collectively as the "**proxy**" or "**form of proxy**".

QUORUM AT THE MEETING

As outlined in our By-laws, we need to have at least two people present at the Meeting who hold, or represent by proxy, in the aggregate at least five percent of the issued and outstanding Common Shares entitled to vote at the Meeting.

If a situation arose where a quorum was not present within 30 minutes of the Meeting's scheduled start time, then our By-laws stipulate that the Meeting would be adjourned to the same place and time on the same day of the following week. In such an instance, no notice of the adjourned meeting would be required and, if at such adjourned meeting a quorum was not present, the shareholders present, if at least two, would constitute a quorum for all purposes.

The Meeting Process - General Information

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

None of Mullen Group's informed persons, director nominees or any associate or affiliate of such persons or companies, (each as defined in National Instrument 51-102 - Continuous Disclosure Obligations ("NI 51-102")), has any material interest, direct or indirect, in any transaction or in any proposed transaction since the commencement of Mullen Group's most recently completed financial year, which has materially affected or would materially affect Mullen Group.

No person who has been a director or executive officer of Mullen Group at any time since the beginning of our most recently completed financial year and no associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting, other than the election of directors.

Voting - What You Need to Know

Your vote is important - as a shareholder it is very important that you read the Information Circular carefully and then vote your Common Shares, either by proxy or in person at the Meeting.

SOLICITATION OF PROXIES

This Information Circular is delivered in connection with the solicitation of proxies by and on behalf of management of Mullen Group for use at the Meeting. Computershare must receive your completed form of proxy by 3:00 p.m. (Mountain Daylight Time) on Monday, April 30, 2018, or, in the case of any adjournment or postponement of the Meeting, not less than forty-eight hours (excluding Saturdays, Sundays and holidays) before the time of such adjourned or postponed meeting. The solicitation of proxies will be primarily by mail, but proxies may also be solicited personally or by other means of communication by Mullen Group's directors, officers and employees who will not be remunerated therefore. Except as otherwise noted, Mullen Group will bear any costs arising by the solicitation of proxies including costs incurred in the preparation and mailing of the Meeting Materials.

GENERAL PROXY INSTRUCTIONS

We have enclosed a form of proxy with this Information Circular. Typically, this is the easiest way to vote. When you sign the proxy you are giving someone else the authority to attend the Meeting and vote on your behalf (a "**proxyholder**"). *A proxyholder must vote your shares in accordance with the instructions you provide.*

The enclosed form of proxy provides for Murray K. Mullen and Richard J. Maloney (the "**Management Appointees**") to act as proxyholders. Mr. Mullen is a director and the Chairman, CEO and President of Mullen Group and Mr. Maloney is the Senior Vice President of Mullen Group. **The Common Shares represented by your properly submitted proxy will be voted, or withheld from voting, in accordance with your instructions on any ballot that may be called for at the Meeting.**

If you submit your proxy and do not indicate how you want to vote your Common Shares your vote will be cast in accordance with the recommendations of Mullen Group's management in the following manner:

- FOR setting the number of directors to be elected at seven (7);
- FOR the election of each individual person nominated herein as a director; and
- FOR the appointment of PricewaterhouseCoopers LLP as auditors and the authorization of the directors to set their remuneration as such.

You can appoint someone other than the Management Appointees to act as your proxyholder and represent you at the Meeting. This person does not have to be a shareholder. *If you wish to appoint someone else, including yourself, remember that such person must go to the Meeting to vote your Common Shares.* They will also need to register with the Scrutineer of the Meeting when they arrive at the Meeting.

To appoint someone else as your proxyholder, cross out both names of the Management Appointees and write the name of the person voting for you in the space provided. If you are completing your voting instructions on the Internet, follow the instructions on the website on how to make such appointment. **If you do not specify how you want your Common Shares voted, your proxyholder will vote your Common Shares as he or she sees fit on each item.**

Voting - What You Need to Know

Proxyholders must vote your Common Shares in accordance with the instructions you provide, including on any ballot that may be called. If there are changes to the items of business or new items properly come before the Meeting, the proxyholder can vote as he or she sees fit. At the time of printing this Information Circular, the management of Mullen Group is not aware of any changes to the items of business that may come before the Meeting.

Such revocation must be received by the last business day before the day of the Meeting or any adjournment thereof, or given to the Chairman of the Meeting on the day of, but prior to the commencement of the Meeting or any adjournment or postponement of the Meeting. Voting - What You Need to Know

VOTING BY NON-REGISTERED (BENEFICIAL) SHAREHOLDERS

You are a non-registered (beneficial) shareholder if your Common Shares are held in an Intermediary's name (such as a broker, investment dealer, bank, trust company, trustee, nominee or other intermediary). Your Intermediary is required by law to ask for your voting instructions before the Meeting. Common Shares held by an Intermediary may only be voted upon your instruction, and without your specific instructions, your Intermediary is prohibited from voting your Common Shares.

Every Intermediary has its own mailing procedures and provides its own return instructions, **which you should carefully follow in order to ensure that your Common Shares are voted at the Meeting**. The majority of Intermediaries now delegate Broadridge with the responsibility of obtaining voting instructions from beneficial shareholders. Broadridge mails a scannable Voting Instruction Form or VIF in lieu of the form of proxy and you are asked to complete and return the VIF in accordance with the instructions provided on such form. Broadridge will then tabulate the results and provide the appropriate instructions to Computershare. **If you did not receive a VIF or other form of proxy in this package please contact your Intermediary.**

Non-registered (beneficial) shareholders can exercise their vote as follows:

Method of Voting	Directions

Business of the Meeting

There will be four items of business at this year's Meeting:

- Receiving the Financial Statements
- Fixing the number of directors to be elected
- Electing the directors
- Appointing the Auditor

1. FINANCIAL STATEMENTS

Mullen Group's 2017 Annual Financial Statements as well as the independent auditor's report will be presented at the Meeting but will not be subject to a vote. We have mailed such documentation, together with our 2017 MD&A to those shareholders who opted to receive them. These documents are also available on SEDAR at www.sedar.com, and free of charge on our website at www.mullen-group.com or by emailing ir@mullen-group.com.

No action is required or proposed to be taken at the Meeting with respect to the 2017 Annual Financial Statements.

2. FIXING THE NUMBER OF DIRECTORS

The shareholders will set the number of directors to be elected at the Meeting.

Mullen Group's articles provide for a minimum of three and a maximum of fifteen directors. Our Board currently consists of eight directors. The Board has determined that the number of directors to be elected at the Meeting should be set at seven.

Management is soliciting proxies, in accordance with the accompanying form of proxy, for an ordinary resolution in favour of fixing the number of directors to be elected at seven members. Unless otherwise directed, the Management Appointees named in the enclosed form of proxy shall vote **FOR fixing the number of directors of Mullen Group at seven for the ensuing year.**

Business of the Meeting

3. ELECTION OF DIRECTORS

Our shareholders elect directors at each annual meeting of shareholders for a term of one year. In presenting directors for election we follow an individual director voting practice, which provides for each director to be presented for election on an individual basis as opposed to a slate basis. Accordingly, the enclosed form of proxy allows the shareholders to vote for each director on an individual basis.

MONITORING INDIVIDUAL DIRECTOR VOTING: The Board and, in particular our Compensation, Nomination and Governance Committee (the "**CNG Committee**"), monitors the voting results for individual directors and considers such information when conducting its annual review of the Board's composition and in assessing individual director performance. We are pleased to report that last year's voting results were such that no one director received less than 93% of the votes cast in favour of such individuals. We've included the specific voting results for each director in the "Director Profiles" that begin on page 12.

In 2015, in accordance with the TSX mandated changes to the TSX Company Manual, we instituted a majority voting policy. Our Board has adopted a majority voting policy stipulating that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of our Common Shares present at the meeting and withheld from voting, the nominee will submit his or her resignation promptly after the meeting, for our CNG Committee's review and consideration.

Our CNG Committee will then make a recommendation to our Board after reviewing the matter. Our Board's decision to accept or reject the resignation offer will be made and disclosed to the public within 90 days of the applicable shareholders' meeting. Resignations are expected to be accepted except in situations where extenuating circumstances would warrant the applicable director to continue to serve as a Board member. The nominee would not participate in any committee or Board deliberations on the resignation offer unless there are not at least three directors who did not receive a majority withheld vote. The policy does not apply in circumstances involving contested director elections.

The term of office of each of the present directors expires at the close of the Meeting. Pursuant to Mullen Group's Individual Director Voting practice and in accordance with the accompanying form of proxy, management is soliciting proxies for an ordinary resolution in favour of the election of each of the seven nominees listed below. The Board has concluded that each person nominated has relevant expertise and is well qualified to serve as a director of Mullen Group for the ensuing year. All of the seven nominees are currently directors of Mullen Group. It is not contemplated that any nominee will be unable to serve as a director. Background information on each nominee is set forth in the next section entitled "Director Profiles" that begins on page 12.

Business of the Meeting

4. APPOINTMENT OF AUDITORS

Shareholders are being asked to vote for the appointment of PricewaterhouseCoopers LLP ("PwC") Chartered Professional Accountants, to serve as the auditors of Mullen Group until the next annual general meeting of the shareholders and to authorize the directors of Mullen Group to fix their remuneration. PwC was first appointed as Mullen Group's auditors in March of 2014.

Auditor Independence

Auditor independence is essential to the integrity of our financial statements. In deciding to engage PwC, the Audit Committee reviewed auditor independence and existing commercial relationships with PwC. The Audit Committee concluded that PwC has no commercial relationship with Mullen Group that would impair its independence and PwC has advised that they are independent with respect to the Corporation within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Alberta. Our Audit Committee pre-approves all audit and non-audit services. It is also responsible for overseeing the audit work performed on behalf of the Corporation. The Audit Committee will continue to review our external auditors' qualifications and independence on an annual basis. The review includes formal written statements that describe any relationship between the auditors, their affiliates and Mullen Group that could affect the auditors' independence and objectivity. The review also includes an annual evaluation of the auditors' performance. You can find more information about the roles and responsibilities of the Audit Committee beginning on page 28.

Unless otherwise directed, the Management Appointees named in the enclosed form of proxy shall vote **FOR the appointment of the firm of PricewaterhouseCoopers LLP, Chartered Professional Accountants, as Mullen Group's auditor until the next annual meeting of shareholders of Mullen Group and to authorize the directors to fix their remuneration as such.**

Auditors' Fees

The Board reviews the annual audit fees and considers the issue of auditor independence in the context of all services provided to Mullen Group. The fees paid by Mullen Group for professional services to its external auditor during fiscal 2017 are included in the table below. Also included for comparative purposes are the fees paid by Mullen Group for fiscal 2016.

How we Govern - An Overview of our Corporate Governance Practices

National Instrument 58-101-Disclosure of Corporate Governance Practices ("**NI 58-101**") requires reporting issuers to disclose their corporate governance practices with reference to a series of guidelines for effective corporate governance (the "**Guidelines**") set forth in National Policy 58-201-Corporate Governance Guidelines. To assist shareholders in understanding our approach to governance it is important to understand our structure.

Our Board is responsible for the management of Mullen Group's business and affairs, with its primary responsibility to foster the long term success of Mullen Group consistent with its fiduciary responsibility to the Corporation to maximize value. We operate a decentralized business model that is non-hierarchical in nature. The business is operated through a network of wholly-owned companies and limited partnerships (the "**Business Units**"), which are divided into two distinct operating segments for reporting purposes – Trucking/Logistics and Oilfield Services. The segments are differentiated by the type of service provided, equipment requirements and customer needs.

Each Business Unit operates as a separate business unit under its own brand that is held accountable for its own performance and profitability. While the day-to-day operations of the Business Unit are the responsibility of each Business Unit's management team, our Corporate Office provides oversight and support to the Business Units by coordinating business strategies, monitoring financial and business performance, providing management services, centralized banking and financial expertise and offering shared services such as payroll, human resources support, information technology support, legal and accounting services. In addition, the Corporate Office, through its subsidiary MT Investments Inc., owns a network of real estate holdings and facilities that are leased primarily to the Business Units.

The following diagram shows Mullen Group's inter-corporate relationships. For simplification, non-material wholly-owned subsidiaries have not been included. A complete list of the Business Units is provided in our Annual Information Form dated February 7, 2018, under the heading "Business Units", a copy of which is filed on SEDAR at www.sedar.com, as well as being posted on our website at www.mullen-group.com.

How we Govern - An Overview of our Corporate Governance Practices

Board of Directors

We review the size of our Board on an annual basis to ensure it is large enough to provide a variety of expertise and opinion, yet small enough to allow for efficient operation and decision-making.

Independence

Each year we strive to have a Board that is comprised of a majority of independent directors. In determining a director's independence we refer to the applicable securities laws and, in particular, the "**Meaning of Independence**" set forth in National Instrument 52-110 – Audit Committees ("**NI 52-110**"), which indicates, among other things, that a director is considered independent only where the Board determines that the director has no direct or indirect material relationship with Mullen Group or its Business Units. Based on a review of NI 52-110, we have determined that:

- the Board is currently **MAJORITY INDEPENDENT** with six of eight directors classified as independent, namely, Greg Bay, Stephen Lockwood, Alan Archibald, Philip Scherman, Christine McGinley and Sonia Tibbatts;
- Mr. Stephen Lockwood became an independent director on June 30, 2017;
- Mr. M. Mullen is not independent as he is an executive officer of Mullen Group;
- Mr. D. Mullen is not independent as he is related to Mr. M. Mullen; and
- the Board will remain majority independent following the election of directors at the Meeting with five of seven directors being independent directors, namely Greg Bay, Stephen Lockwood, Philip Scherman, Christine McGinley and Sonia Tibbatts.

For your information, the table below sets forth the relationship between Mullen Group and its current directors:

Director	Independent	Not Independent	Reason for Status
Alan Archibald	√		No direct or indirect material relationship
Greg Bay	√		No direct or indirect material relationship
Christine McGinley	√		No direct or indirect material relationship
Sonia Tibbatts	√		No direct or indirect material relationship
Philip Scherman	√		No direct or indirect material relationship
Stephen Lockwood	√		While Former President and Co-Chief Executive Officer of Mullen Group, it has been more than three years since Mr. Lockwood held this position
David Mullen		√	Related to Mr. Murray Mullen
Murray Mullen		√	Chairman of the Board, Chief Executive Officer and President

Board Chairman

We have written **TERMS OF REFERENCE** for this position. In accordance with those terms, our Board Chairman guides the operations of the Board and ensures effective relations with shareholders, other stakeholders and the public. Mr. Murray K. Mullen was appointed as the Chairman of our Board in 2001. While Mr. Mullen is not an independent director, the Board has established mechanisms that enable it to function independently from management if and when necessary.

How we Govern - An Overview of our Corporate Governance Practices

Lead Director

Mr. Greg Bay, the CNG Committee Chairman, is currently the Lead Director of our Board. The role of Lead Director is established through, and governed by, the provisions of the written mandate of the CNG Committee, which specifically provides that the CNG Committee Chairman will act as the Lead Director of Mullen Group. Since the CNG Committee's mandate provides that such committee must be comprised solely of independent directors, the role of Lead Director will always be fulfilled by an independent director.

In acting as Lead Director, among other things, the CNG Chairman chairs all in-camera meetings of the Board without management; facilitates responses to shareholder or other stakeholder questions, comments and concerns directed to the independent directors as a group; ensures personal availability for consultation and communication with independent directors and with the Chairman as appropriate; reviews and responds to any comments made by independent directors; and raises issues with the Chairman and senior management as deemed necessary. In addition to the appointment of a Lead Director, our Board has put in place other mechanisms to ensure the Board functions independently from management. These mechanisms are discussed below.

Committees Comprised of Independent Directors

Taking into consideration the size of Mullen Group and the nature and geographic scope of our business, the Board established two committees to assist with its duties and responsibilities in meeting the Guidelines, being the Audit Committee and the CNG Committee. We have written committee mandates that provide for the committees to be comprised solely of independent directors, thereby formalizing the independence of our committees. This ensures that the comprehensive information, reports and presentations delivered at the committee level are reviewed and considered by those directors that are independent from management. In addition, individual directors may, with the approval of the Lead Director, retain an outside advisor at Mullen Group's expense.

In-Camera Sessions

As an integral part of our governance practices, our independent directors utilize a number of in-camera sessions to ensure the Board can function independently from management.

Board: The independent directors hold an in-camera session following each regularly scheduled, in-person board meeting. During 2017, four such in-camera sessions were held. These sessions were led by the independent Lead Director with the duration and agenda topics being determined by the independent directors as required to ensure that all necessary issues were addressed. These in-camera sessions provide an effective forum for open and candid discussions with respect to the management and business of Mullen Group.

Audit Committee: The Audit Committee, comprised solely of independent directors, holds a number of in-camera sessions at each regularly scheduled committee meeting. As standard practice, committee members and non-management directors conduct an in-camera session at each quarterly meeting with the external auditors. The committee members also conduct individual in-camera sessions with each of the Chairman of the Board, Chief Executive Officer and President, and the Chief Financial Officer. All of these sessions are led by the Audit Committee Chairman and provide an opportunity for the committee members to review the quarterly financial reporting process on an individual basis with the referenced executives, as well as the external auditors, and to discuss any matters that the Audit Committee considers appropriate. These in-camera sessions occurred at all Audit Committee meetings held during 2017. In addition, upon receiving the annual report on Effectiveness of Disclosure Controls and Internal Controls over Financial Reporting from PwC, the Audit Committee conducted an in-camera session with said firm.

How we Govern - An Overview of our Corporate Governance Practices

CNG Committee: The CNG Committee, comprised solely of independent directors, conducts an in-camera session following each regularly scheduled committee meeting. As standard practice, the committee members also receive an in-camera report from the Chairman of the Board at each meeting. All of these sessions are led by the Lead Director and provide an opportunity for open and candid discussions with respect to management, succession plans, executive compensation and governance related matters. These in-camera sessions occurred all CNG Committee meetings held during 2017.

Other: At each meeting held by teleconference for special business, the independent directors determine whether or not there is reason to hold an in-camera session without management present. While the independent directors have the ability to hold additional in-camera sessions if required, no such meetings were held during 2017.

Meeting Attendance

Mullen Group expects that all directors will maintain an excellent attendance record. While our directors strive for perfect attendance, there are those instances when a director misses a meeting for "**good reason**", such as a family or medical emergency, or a previously scheduled commitment that cannot be changed.

We have adopted an electronic board portal for use by the directors in relation to meeting materials. This ensures that, to the extent possible, directors have access to meeting materials wherever they are located. Comprehensive meeting materials addressing the business to be covered at a meeting are posted prior to the meeting date. In addition, quarterly reports are posted on the board portal for the Directors' reference. Directors who are unable to attend a meeting are responsible for reviewing the meeting materials and communicating their views to the appropriate chairman or the Lead Director.

During 2017, the Board held four regularly scheduled in-person meetings and one regularly scheduled teleconference meeting. Each director's attendance record has been outlined in the respective profiles in the section entitled "Director Profiles" beginning on page 12.

Other Directorships

Our Board has not adopted a formal policy limiting the number of outside directorships that can be held by its directors.

Rather, we make our directors aware that certain parties suggest best governance practices should limit the number of outside public directorships held. While these parties suggest that directors who are also CEOs should hold no more than one directorship, we believe that the directors themselves are best able to determine whether their external roles will impact their ability to serve on our Board.

Each year through the Board's annual assessment process, directors are asked to confirm that they have adequate time and resources to commit to Mullen Group and, in particular, that holding additional outside directorships does not interfere with their ability to devote the expected time and resources to fulfill their duties and responsibilities to Mullen Group. Individual directors are required to consult with the Board Chairman and/or the Lead Director when considering an appointment to the board of another reporting issuer. Additionally, individual directors whose professional responsibilities outside Mullen Group have changed since they were elected to the Board, are required to notify the Board Chairman and/or Lead Director. A listing of other directorships is provided in each director's respective profile in the section entitled "Director Profiles" beginning on page 12.

How we Govern - An Overview of our Corporate Governance Practices

There are ***NO INTERLOCKING BOARD RELATIONSHIPS*** amongst our directors.

Board Manual - Mandates and Position Descriptions

Our Board has established a written manual (the "**Board Manual**") outlining, among other things, the key guidelines governing the Board's operation, as well as providing written mandates, or terms of reference, for the Board and its committees, individual directors, Chairman of the Board, Chairman of each committee of the Board and Chief Executive Officer. The Board Manual acts as a resource and guide for directors by documenting board processes as such evolve over time and acts as a foundational guide when questions or areas of confusion arise. The Board Manual includes Mullen Group's history and structure, the role of the Board, the role of its committees and individual directors, including, the expectation that directors will be able to commit a reasonable amount of time and resources to carrying out their duties. The Board Manual is posted on our board portal for the directors' ease of reference.

Board Mandate

Our Board Manual includes a written ***MANDATE*** for the Board outlining its principal duties and responsibilities underlying such. The full text of such mandate is attached to this Information Circular as Schedule A. The Board Manual also includes written mandates for each of the Audit Committee and the CNG Committee.

Position Descriptions

The Board Manual also includes written ***TERMS OF REFERENCE*** (or position descriptions) delineating the roles and responsibilities for the Chairman of the Board and Chief Executive Officer. In addition, the CNG Committee mandate sets forth the specific responsibilities of the CNG Committee Chairperson acting in his or her capacity as Lead Director.

Review Process

As part of the CNG Committee's standard work plan, the Board Manual is reviewed on an annual basis to ensure that it remains current. As part of this review Mullen Group engages in the consideration and review of evolving regulatory developments and governance best practices to ensure that the Board Manual reflects these practices while remaining appropriate to our circumstances and is also in the best interests of Mullen Group, our shareholders and other stakeholders.

Orientation and Continuing Education

Orientation

We are committed to ensuring both new and continuing directors have insight into the nature and operation of our business, as well understanding the roles and responsibilities of the Board, its committees and individual directors.

New Directors: The Board looks at new director orientation on an individual basis. We orient newly elected or appointed directors through meetings with existing directors, an invitation to attend meetings in advance of election or appointment, and by providing them with a comprehensive package of materials, compiled specifically to orient such director to the Board based upon that director's specific needs and areas of interest. We meet one-on-one with new directors to provide a fulsome orientation and review of the information package provided. These packages typically include the Board Manual, corporate information, director profiles, meeting information, Mullen Group's strategic plan, By-laws, disclosure documents, corporate policies (including detailed information relating to blackout periods and insider trading practices), relevant materials relating to topical matters relevant to Mullen Group and past meeting minutes.

How we Govern - An Overview of our Corporate Governance Practices

Existing Directors: Utilizing our online board portal ensures the Board is kept up-to-date and current with respect to the nature and operation of our business through the posting of annual operating summaries from our Chief Financial Officer, as well as the quarterly business reviews from each of our Business Units. These quarterly reviews provide financial data, safety results and qualitative information in relation to economic factors impacting each Business Unit. In addition, the electronic portal provides easy access to past meeting materials, corporate policies and our Board Manual.

Both new and continuing directors also gain insight into the nature and operation of Mullen Group's business through in-house presentations and reports by management, the comprehensive business reviews and analysis provided by each Business Unit in preparation for the annual budget process and attendance at Mullen Group hosted conferences.

In-House Presentations: Directors gain exposure to our individual Business Units when senior management from individual Business Units present information to the Board relative to major or strategic projects. These types of presentations provide an effective forum for open discussions through which the directors and a Business Unit's management team can review operational and financial expectations relative to specific projects, safety performance, specific training requirements and human resource initiatives while simultaneously providing the directors with insight into the operations of specific Business Units. In addition, the directors have the opportunity to directly engage with the Corporate Office's Team Leaders in the Safety and Loss Prevention Department, IT Department, Real Property Department and Human Resources Department during those departments' annual presentations to the Board. These presentations provide the opportunity for the directors to review current initiatives and emerging trends with those individuals responsible for oversight and implementation.

Education

External Continuing Education: The directors are encouraged to participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters. Several of our directors participate in additional seminars either by virtue of their professional designations or through their voluntary election to take part in continuing education. Seminars attended in 2017 ranged from seminars put on by the Institute of Corporate Directors, industry management conferences, webcasts put on by KPMG LLP, Deloitte LLP, Ernst & Young Global Limited and PwC, Mullen Group's 2017 Leadership Conference to seminars relating to accounting, financial reporting and tax.

Mullen Group-Specific Education: Mullen Group's senior management arranges for directors to have access to information on an ongoing basis pertaining to matters such as emerging trends in corporate governance, key accounting considerations, emerging issues in information technology and human resources metrics. Comprehensive meeting materials are posted to the board portal in advance of each board or committee meeting, together with supplementary materials as required.

Ethical Business Conduct - Policies and Standards

We are committed to quality service with a strong culture of integrity. ***Honesty, Trust, Respect and Integrity*** are the most fundamental ethical values and principles upon which we operate. Our policies are meant to reinforce our workplace culture by providing a common framework and guide for establishing standards, identifying issues and addressing concerns. We have four policies that are supervised by the Board, being our Behaviour Guide - How We Conduct our Business (*i.e., our code of ethics and conduct*), Integrity and Financial Concern Policy ("**Whistleblower Policy**"), External Communications and Disclosure Policy, as well as our Trading in Securities Policy. Our policies take into consideration the nature of our decentralized operating structure and are developed so as to be appropriate to our specific circumstances. The CNG Committee, together with the Audit Committee as required, reviews our policies annually and implements changes where necessary.

How we Govern - An Overview of our Corporate Governance Practices

Code of Ethics and Conduct (i.e, the Behaviour Guide)

During the first quarter of 2013, the Board authorized and approved a revised code, now known as the Behaviour Guide. The Behaviour Guide can be found on SEDAR at www.sedar.com. This document is also available upon request from our Corporate Investor Services group at ir@mullen-group.com.

All employees and directors are provided with access to the Behaviour Guide, which covers a wide range of topics and outlines the responsibilities, guidelines and ethical standards expected of our employees, including conflicts of interest, whether actual or perceived, and the disclosure of such interests. In particular, employees are expected to conduct their business affairs in a manner that ensures their private or personal interests do not interfere with the interests of Mullen Group and remain compliant with the provisions of the guide. We require our directors to annually acknowledge that they have received and read the Behaviour Guide as well as certify that their conduct is consistent with such guide.

Under the Behaviour Guide, we advocate an open door policy for our employees, encouraging them to discuss with management any issues or potential issues that may arise.

During 2017 there were no material change reports filed that pertain to any conduct of a director or executive officer that constitutes a departure from the guide.

Whistleblower Policy

In addition to the Behaviour Guide, we have a Whistleblower Policy under which a confidential, anonymous hotline has been established so that individuals can identify concerns. This hotline is hosted by an independent third party service provider. It can be accessed through the Internet at "<http://www.openboard.info/mtl/>", by e-mail sent to "MTL@openboard.info" or toll-free to **1-866-270-3866**.

The Audit Committee Chairman monitors the hotline and reports on any matters to the Audit Committee and the Board at each quarterly meeting. The Audit Committee Chairman receives all reports of issues raised through Mullen Group's whistleblower hotline, for which no material issues were identified in 2017.

External Communications and Disclosure Policy

Under this policy, we provide timely, fair and accurate disclosure of all material information relating to Mullen Group to ensure our shareholders and other stakeholders are publicly informed about our affairs.

Trading in Securities Policy

We have established a trading policy that, among other things, prohibits insider trading, addresses regular black-out periods, prohibits speculative or hedging transactions and meets the requirements of the securities regulators.

Conflicts of Interest

Circumstances may arise from time to time where members of the Board or officers of Mullen Group are also directors or officers of corporations, which have conflicting interests to those of Mullen Group. We monitor these situations in a number of ways including requiring our directors and officers to disclose all other companies in which they serve as an officer or a director. Any conflicts that arise will be resolved in accordance with the procedures and requirements of the *Business Corporations Act* (Alberta), including the duty of such directors and officers to act honestly and in good faith with a view to the best interests of Mullen Group. Management is required to disclose any material interest in a transaction or agreement being considered by the Board. Should a material interest arise, then such individual would not be present during the directors' meeting at which such transaction is being considered.

Nomination of Directors

Our CNG Committee develops and regularly reviews the long term plan for the composition of the Board taking into consideration the current strengths, skills and experience of the Board, retirement dates, onboarding timeframes and the strategic direction of Mullen Group. Compensation

A description of our compensation practices are discussed under the heading "Our Compensation Program - Discussion and Analysis" beginning on page 31 and in the section entitled "2017 Executive Compensation" beginning on page 39.

Board Committees

The Board has two committees, being the CNG Committee and the Audit Committee.

In accordance with each committee's written mandate, all committee members must qualify as an "independent director" under the applicable regulatory rules and legislation. This is another mechanism we use to ensure Board independence.

CNG Committee:

Our CNG Committee's primary functions are to assist the Board in fulfilling certain of its oversight responsibilities by reviewing and making recommendations regarding Mullen Group's: (i) compensation policies and practices; (ii) governance policies and practices; and (iii) senior executive succession plans. Over the last few years, our CNG Committee has made significant advances in relation to addressing compensation programs, emerging governance practices and policies including Board composition, as well as monitoring the overall succession plans for Mullen Group. In addition, the CNG Committee is responsible for conducting the annual assessments described on page 30, as well as the nomination process identified under the heading entitled "Nomination of Directors" on page 25.

Written Work Plans set the Schedule

By virtue of the committee's written mandate, the CNG Committee Chairman is the Board's "**Lead Director**". The CNG Committee typically meets four times a year and works from a written work plan setting forth its focus for the year to ensure it meets all of its underlying responsibilities. During 2017 the CNG Committee addressed all items required under its mandate and included in its annual work plan, including the significant matters outlined in the CNG Committee Report that follows on page 27.

How we Govern - An Overview of our Corporate Governance Practices

2017 Report from the CNG Committee:

The CNG Committee oversees Mullen Group's corporate governance practices to ensure those practices effectively meet the intention of the Guidelines while aligning with our culture. The committee monitors emerging best governance practices, implementing changes when it is deemed necessary and practical to enhance our governance processes while remaining cognizant of our decentralized operating structure.

In addition to governance oversight, we are responsible for the director nomination process and oversight of Mullen Group's compensation practices. We develop a work plan each year to ensure we will effectively monitor all areas that fall within our written mandate in a timely manner. During 2017 we met on four occasions and successfully addressed all areas within our work plan. Notable actions included:

- The annual review of our corporate policies, *i.e.*, our code of conduct known as the "Behaviour Guide - How We Conduct our Business", Whistleblower Policy, External Communications and Disclosure Policy, and Trading in Securities Policy, ensuring such policies aligned with Mullen Group's culture and core objectives.
- A thorough review and support of Mullen Group's management development process and succession plans.
- Completed the annual assessment of the Board's composition and assessed the Board's expertise in relation to those attributes important to the success of Mullen Group's Board as a whole.
- The review and assessment of reports compiled for benchmarking purposes against the Comparator Group (refer to page 32) in relation to the various components of remuneration for directors and executive officers.
- The review and approval of the 2017 Profit Share Program and the 2018 Compensation Program.
- The evaluation of the Board, its committees and the Chief Executive Officer.
- Welcomed two new directors to the Board – Christine McGinley and Sonia Tibbatts.
- Recommended the approval of the Stock Option grant of November 6, 2017, the only form of long term compensation incentive for our executives, which was unanimously approved by the Board.
- Coordinated the attendance of our Board members to attend the Management Leadership Conference held in September of 2017.

Moving into 2018 we will continue to monitor regulatory developments and governance best practices as they evolve, including Board composition and diversity. As a committee, we believe Mullen Group's corporate governance practices meet the underlying responsibilities of the Guidelines while remaining appropriate to our circumstances.

Audit Committee:

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to: (i) the integrity of the financial information provided to Mullen Group's shareholders, regulatory bodies and other interested parties; (ii) compliance with accounting and finance based regulatory requirements; (iii) the internal financial control systems established by management; (iv) the work of the external auditors, including their qualifications and independence from Mullen Group; and (v) the audit process.

The written mandate for the Audit Committee requires that all members must be "**financially literate**", in addition to qualifying as an "**independent director**" under the applicable regulatory rules and legislation. We consider an individual as being financially literate if he or she can read and understand financial statements that are generally comparable to ours in breadth and complexity of issues.

We are confident that our Audit Committee is comprised of members with the expertise necessary to fulfill its mandate. The Audit Committee is currently chaired by Mr. Philip Scherman who, prior to his retirement from practice in 2012, was an audit partner of a large accounting firm. Mr. Scherman continues to be a member of the Canadian and Alberta Institutes of Chartered Professional Accountants and he was awarded the Fellow of the Chartered Professional Accountants designation by the Chartered Professional Accountants of Alberta in 2013. The Audit Committee's annual report outlining the substantive matters reviewed during 2017 follows below on page 29.

[Remainder of page intentionally left blank]

2017 Report from the Audit Committee:

The Audit Committee's primary function is to assist the Board in fulfilling its oversight responsibilities in relation to accounting, internal controls, financial reporting and regulatory processes, and the auditing of Mullen Group's consolidated financial statements. In doing so, annually we establish a structured work plan that aligns with our written mandate to ensure that all relevant matters are monitored and considered appropriately. During 2017 we successfully addressed each component of our written mandate and audit committee work plan. We met quarterly with management receiving comprehensive reports and presentations from the Chief Financial Officer and Corporate Controller that provided detailed results on both a consolidated and segmented basis.

In addition to the certain practices and approvals undertaken, including meeting with auditors and reviewing Mullen Group's financial results and internal control practices on a quarterly and annual basis, as well as monitoring changes to significant accounting policies, we addressed the following substantive matters:

- Reviewed management's annual report assessing enterprise risk, and reviewed with management the processes used by management to assess, monitor and manage such risks.
- Reviewed, assessed and evaluated the provision of audit services, with the primary objective being to evaluate the expertise and independence of our Auditor.
- Reviewed and approved the provision of all non-audit services by the external Auditor.
- Participated in the annual review of corporate policies undertaken by the CNG Committee as such related to internal controls, accounting and disclosure related practices.
- Reviewed the Audit Committee mandate and work plan, implementing changes as required within the work plan. Such mandate is included as a schedule to Mullen Group's 2017 Annual Information Form, which was filed on SEDAR on February 7, 2018.
- Received and considered the quarterly reports from the Disclosure Committee.
- Considered and assessed management's annual report on adequacy of insurance coverage.
- Monitored the internal control review process and accepted the reports on the Effectiveness of Disclosure Controls and Internal Controls over Financial Reporting.
- Monitored our Whistleblower hotline, through which no material reports were identified.
- Held separate in camera sessions with each of the Chief Executive Officer, Chief Financial Officer and Auditor for each quarter.
- Assessed the ongoing succession plan for the Chief Financial Officer.

Assessments

Annual Evaluation of Board, Committees, Individual Directors and Peer Assessment

The CNG Committee administers the process for assessing the effectiveness of the Board as a whole, the Chairman of the Board, the committees of the Board, and individual directors of the Board. The annual evaluation process was designed to provide directors with an opportunity to evaluate how the Board is operating and to make suggestions for improvement. It was designed primarily to provide constructive input for the improvement of the Board "as a whole or as a unit".

A questionnaire is circulated annually to each director, which analyzes the organization and performance of the Board against the description of the Board duties and responsibilities and corporate governance best practices, and provides an opportunity for each director to evaluate his own performance as well as that of his peers. In order to achieve the latter evaluation, a peer assessment section is included in the questionnaire. The results of the evaluation are compiled by the Lead Director and reported to the CNG Committee. The results are also presented within the CNG Committee's report to the Board at which time any concerns are addressed with the Board. The directors discuss the results of the evaluation and the Lead Director conducts follow-up as required.

Each year the Chief Executive Officer completes a self-evaluation in the same manner as all other Mullen Group employees. A separate evaluation of the Chief Executive Officer is also completed by each independent director. The results of the evaluation forms are summarized by the Lead Director and addressed directly with the Chief Executive Officer, and then reported to the CNG Committee.

Policies Regarding the Representation of Women on the Board and Management

Our Board has not adopted a written policy relating to the identification and nomination of women directors. Our Board believes that Board nominations should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of our Board at the time. Our company is committed to a meritocracy and believes that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve the business objectives of our company, without reference to their age, gender, race, ethnicity or religion, is in the best interests of our company and all of our stakeholders. Our Board believes this approach applies equally to executive officer positions and as such, has not adopted a policy or undertaken a formal consideration process with respect of the appointment of women to executive officer positions. Our Company has not adopted any formal targets with respect to the appointment of women to our Board or as executive officers. As of the date hereof two of our current directors are women and six (10.5%) of our executive officers (inclusive of our Business Units) are women. Our Board recognizes the benefits of diversity within our Board and our Board was pleased to have two female directors join the Board during the 2017 year both of whom are standing for re-election.

Our Compensation Program - Discussion and Analysis

OVERVIEW

Our compensation programs and philosophy have been developed as a means to support the growth, diversification and long term success of a public organization. The compensation framework emphasizes the retention of executives and senior management as a key element in the performance of Mullen Group along with the strategy of maintaining a decentralized business model whereby the Business Units are incented to generate superior profitability and returns on capital deployed while simultaneously ensuring the businesses operate safely.

We review all components of our compensation framework on an annual basis to ensure such remain relative to the current market. Generally speaking we believe in - **PAY FOR PERFORMANCE** - it's a fundamental component of our compensation program for executives and senior management. To assist shareholders in understanding our approach to compensation at the senior level, a discussion follows addressing our compensation philosophy and program, together with the underlying principles and practices associated with such. Specific information relating to compensation paid to our named executive officers for 2017 can be found in the "Named Executive Summary Compensation Table" on page 41 and under the "Summary Discussion of Named Executive Officers 2017 Compensation" on page 42.

Compensation Philosophy

Our compensation programs are designed to attract and retain high-quality, experienced individuals at all levels of the organization, maintain an entrepreneurial spirit by linking incentives to performance results and align the interests of senior management and executives with those of shareholders. Generally speaking, these programs offer compensation that is competitive with companies that are of similar size and operate in similar industries. However, the primary principle for all of Mullen Group's compensation programs is based upon the philosophy of pay for performance and as such, the attainment of superior results, both from a financial perspective and a safety perspective, is the ultimate objective.

Compensation is based upon an individual's role and areas of responsibility within our organization, individual performance, as well as the overall operating profitability and safety performance of the Business Units and the long term performance of Mullen Group. The compensation framework encompasses the following components:

- competitive base salaries and benefits;
- annual cash incentives that focus on the financial performance of the Business Units and Mullen Group, including annual return on invested capital thresholds; and
- an equity-based award that focuses on the long term growth in shareholder value consisting of share options for senior management.

Our approach to compensation is unique and is designed to work for Mullen Group's business model of diversified operating segments and geographic differences by ensuring that the total compensation available to employees, senior management and executives is aligned with our corporate goals.

Benchmarking

We review the compensation practices of a wide range of organizations (the "**Comparator Group**") on an annual basis to ensure that our approach to compensation is relevant to current industry trends and practices. The companies in the Comparator Group vary in size but are similar in scope and nature in the two sectors of the Canadian economy in which Mullen Group operates – the transportation and logistics sector and the oil and natural gas service industry. These companies have a range of lower, similar and higher financial returns as compared to Mullen Group. We review the composition of the Comparator Group on an annual basis and may modify such from time to time to reflect changes in similar companies, industry mergers and acquisitions and other appropriate considerations.

Our Compensation Program - Disclosure and Analysis

For 2017 the Comparator Group consisted of the following entities:

Transportation/Logistics
TFI International Inc. (formerly TransForce Inc.)
Oilfield Services
Ensign Energy Services Inc.
Shawcor Ltd.
Enerflex Ltd.
Trican Well Service Ltd.
Calfrac Well Services Ltd.

Compensation Governance

The CNG Committee, which is comprised only of independent directors, oversees the compensation program for Mullen Group's executives and senior management. During 2017 the committee's members were Alan Archibald, Greg Bay (Chairman), Sonia Tibbatts, Christine McGinley and Philip Scherman. Each of these individuals currently perform, or have performed, at the senior executive level within their respective professions and, as such, are capable of assessing the suitability of Mullen Group's compensation practices and its succession plans.

Following the compensation review and approval process outlined on page 33, the CNG Committee reviews Mullen Group's annual compensation program and recommends it to the Board for approval. The annual compensation program is benchmarked against the Comparator Group to ensure Mullen Group remains competitive in the marketplace, taking into consideration the following characteristics compared to those of Mullen Group:

- structure of the companies;
- number of employees;
- annual revenues;
- overall financial performance measured by profitability; and
- return on capital deployed.

In reviewing these factors in 2017, the CNG Committee determined the Comparator Group compensation report was sufficient for comparative purposes given that the group was comprised of companies of similar scope and nature that generated a range of lower, similar and higher financial returns than Mullen Group. While the CNG Committee and its Chairman have the authority to engage the services of an independent consulting firm to aid in reviewing executive compensation practices, neither the CNG Committee nor the Chairman felt value would be added to the review process by retaining the services of an independent human resources consulting firm.

Our Compensation Program - Disclosure and Analysis

Compensation Review and Approval Process

The CNG Committee recognizes its role in managing compensation risk and uses a formalized process to review our compensation program prior to making a recommendation to the Board. The compensation program for the executives and senior management is reviewed and ultimately approved by the Board through the process set forth below.

The CNG Committee believes that a compensation program comprised of salary, annual cash incentives and/or the periodic granting of equity-based compensation provides appropriate incentives for the executives and senior management to deliver superior business performance and long-term shareholder returns. This program provides a total compensation package that is competitive with our Comparator Group and is designed to complement Mullen Group's corporate goals of achieving long term superior performance in two specific areas: **PROFITABILITY** and **SAFETY**. As such, a significant component of the total compensation for executives and senior management is determined by the overall performance of Mullen Group. Working closely with the Chairman, the CNG Committee oversees our compensation programs through the review and approval process to ensure that senior level compensation is aligned with our corporate goals.

Our Compensation Program - Disclosure and Analysis

The program is based upon four primary objectives:

- attract and retain the best qualified people;
- provide annual incentives that reward the attainment of annual profit objectives by the Business Units;
- maximize the return on capital deployed in the organization without taking undue balance sheet risk or other risks; and
- strive for best-in-class safety performance using total claims to revenue, lost-time injuries and significant incidents as the primary benchmarks.

Both the CNG Committee and the Board remain satisfied that our compensation review and approval practices are appropriate and effective for the purposes of carrying out Mullen Group's compensation review. The CNG Committee will continue to monitor the individual components of our compensation program in relation to the dynamic and changing nature of the market to ensure our total compensation program for the executives and senior management remains in the best interest of the Corporation and our shareholders.

COMPENSATION PROGRAM

Total Elements of Compensation

The overall compensation program for the executives and senior management is comprised of three primary components - base salaries and benefits, annual profit share and the periodic granting of stock options (long-term incentive).

Component	Base Salaries	Annual Profit Share	Long-term Incentive
Form	Fixed	Variable	Variable
Performance Period	Annual	Annual	1 - 10 years
Objectives	<ul style="list-style-type: none"> • Basic compensation • Competitive benefits package 	<ul style="list-style-type: none"> • Rewards strategic, financial, safety and operational performance over a one year period • Retention incentive 	<ul style="list-style-type: none"> • Aligns interests with shareholders • Links compensation to Mullen Group's long term success • Retention incentive

Our approach is designed to provide executives and senior management with an overall compensation package that rewards superior performance in profitability and safety. To achieve this goal a significant portion of total compensation is weighted to the profitability of Mullen Group, which is based on the annual profits generated by the Business Units within Mullen Group, and to the long term performance of Mullen Group as determined by share price appreciation through the issuance of options. The annual profit share component of our compensation program remains an integral part of Mullen Group's approach to compensating executives and senior management. The profit share plan is described on page 35 under the heading "Annual Profit Share".

Base Salaries and Benefits

In general, we strive to set executives' and senior management's annual base salaries in the lower range of comparable roles within the Comparator Group. This is primarily due to our objective of pay for performance. In setting base salaries the CNG Committee consults with the Board Chairman and considers the specific role of the individual, exercising discretion in determining the overall compensation to ensure Mullen Group attracts and retains qualified individuals. In addition to base salary, all senior management (excluding the Executive Team) are eligible for an annual employment bonus in the amount of \$2,500 on the same basis as all other employees, provided they are employed by Mullen Group for the entire year. As well, health benefits are provided for senior level personnel on the same basis as other employees.

Our Compensation Program - Disclosure and Analysis

Annual Profit Share

The profit share plan (the "**Profit Share Plan**"), is based upon a combination of operating profitability and return on invested capital in the organization. We define invested capital as the net book value of property, plant and equipment as determined by the balance sheet of each Business Unit. Generally speaking, profit share accrues to the extent that Business Unit's return on invested capital exceeds the minimum threshold of 15% (the "**ROIC Criteria**"). In 2017 eight (8) Business Units fell under the ROIC Criteria.

There are occasions where "**invested capital**" is not the appropriate method for determining how the profit share for a Business Unit should be calculated. In those instances, profit share accrues based on a percentage of earnings before interest, taxes, depreciation and amortization ("**EBITDA**"). Through this methodology, five percent of a Business Unit's EBITDA (the "**EBITDA Criteria**") is placed in the profit share pool. In 2017 twenty-two (22) Business Units fell under the EBITDA Criteria.

The accrued benefits form the profit share pool, subject to any discretionary adjustments, are then allocated on an annual basis to:

- eligible employees at each Business Unit based upon the profitability of such entity;
- eligible employees at Mullen Group's Corporate Office based upon the collective performance of all Business Units; and
- Mullen Group's senior executive officers, being Murray K. Mullen, P. Stephen Clark, Richard J. Maloney and Joanna K. Scott (collectively, the "**Executive Team**") based upon the profit share generated under the ROIC or EBITDA Criteria. Specific information relating to the 2017 profit share allocations authorized for the Executive Team under the Profit Share Plan can be found in the "Named Executive Summary Compensation Table" on page 41 and under the "Summary Discussion of Named Executive Officers 2017 Compensation" on page 42.

Discretionary Adjustments

At the CNG Committee's discretion, the aggregate amount of the profit share pool can be reduced based upon the overall performance of Mullen Group. In addition, a Business Unit's allocation may be reduced upon the recommendation of the Board Chairman or the CNG Committee if safety, operational or financial concerns are identified, thereby ensuring individuals do not take undue risks.

Allocation Approvals

Each year the CNG Committee:

- reviews the Profit Share Plan;
- reviews the annual profit share allocations to the senior management and executives;
- reviews the annual profit share allocations to the senior management at the Business Units; and
- recommends to the Board the amount to be set as the profit share pool for the purpose of calculating the Executive Team's profit share entitlement.

Our Compensation Program - Disclosure and Analysis

Compensation Risk

The CNG Committee and the Board has considered the implications of the risks associated with our compensation policies and practices and has determined that there are no significant areas of risk given the nature of the compensation provided. Reasons for this determination include, without limitation, the following:

- components of the compensation are awarded on a discretionary basis;
- the compensation package for Named Executive's is reviewed and assessed annually by the CNG Committee and the Board; and
- the compensation program consists of fixed (base salary) and variable (annual cash bonuses, profit sharing and long-term Share Option grants) components, which are designed to balance the level of risk taking while also focusing on generating long-term and sustainable value for shareholders.

Share Options generally vest after three years from grant, which acts to further mitigate against the potential for inappropriate short term risk taking; and, other than the voluntary waiver of the receipt of an annual salary by Mr. Murray K. Mullen, there are no compensation policies and practices that are structured significantly different for any Named Executives. The CNG Committee and the Board will continue to monitor compensation risk assessment practices on an ongoing basis to ensure that the Corporation's compensation program is appropriately structured.

Option-Based Awards – Long-term Incentives

We currently have one form of long-term incentive plan, being option based awards (the "**Share Options**") granted under our stock option plan (the "**Stock Option Plan**"). The Stock Option Plan was established to:

- provide an incentive for eligible personnel to achieve the long-term objectives of Mullen Group;
- give suitable recognition to the ability and efforts of those individuals who contribute materially to our success; and
- attract and retain individuals of experience and ability in our employ;

by providing them with the opportunity to acquire a proprietary interest in Mullen Group - thereby aligning the long-term interests of those individuals with our shareholders. The eligible personnel under the Stock Option Plan include our directors, officers, employees, consultants or an affiliate thereof, and persons providing services on an ongoing basis thereto.

The Share Option component of our Compensation Program generally provides for eligible personnel to be granted up to a set number of Share Options based upon their role within Mullen Group, their performance, any changes in nature of their duties and responsibilities and prior Share Option grants. The granting of Share Options is approved by the Board, following recommendation from the Board Chairman and the CNG Committee, with the pricing established by using the five day weighted average price of Mullen Group's Common Shares, as recorded by the TSX, for the five day period immediately preceding the date of grant. Unless otherwise determined by the Board, Share Options generally vest after a three year period and any unexercised Share Options expire at the end of ten years. The most recent grant of November 6, 2017 had a graduated vesting period whereby one-third of the options vest after one year, another third after two years and the remaining third after three years.

Our Compensation Program - Disclosure and Analysis

Each Share Option is exercisable for one Common Share. Mullen Group has engaged Computershare to act as the administrator of the Stock Option Plan thereby facilitating the exercise of Share Options for our employees. This provides a mechanism through which the optionees can exercise their Share Options to acquire and hold Common Shares or to conduct a cashless exercise, which allows the optionee to receive in cash the difference between the exercise price of the Share Option and the market price of the Common Shares on the date of exercise, less withholdings required by law and other related expenses.

Details of the Stock Option Plan

The Stock Option Plan was approved by our shareholders in May 2009 on the following basis:

2017 Executive Compensation

OVERVIEW

Under our compensation program, compensation is based upon an individual's role, areas of responsibility and individual performance, while taking into consideration Mullen Group's overall operating profitability and safety performance. Our financial and operating performance is closely monitored by and influenced through the direction of Mullen Group's Corporate Office and, in particular, the Executive Team.

2017 Named Executive Officers (collectively, the "Named Executives")

Name	Position	Service Date
Murray K. Mullen	Chairman of the Board, Chief Executive Officer and President	May 1, 1975
P. Stephen Clark	Chief Financial Officer	December 1, 1997
Richard J. Maloney	Senior Vice President	April 11, 2000

2017 Financial and Operating Performance

Mullen Group's 2017 financial and operating performance was generally in line with our expectations generating approximately \$1.14 billion in revenue and operating income of approximately \$172.0 million. Further, we maintained payment of annual dividends to our shareholders in the amount of \$0.36 per Common Share. Our full operating results are provided in our 2017 Annual Financial Statements and 2017 MD&A, both of which are filed on SEDAR at www.sedar.com and our website at www.mullen-group.com.

We also endorse a disciplined approach to safety. We strive to have our safety results represent best-in-class performance. Our 2017 safety results improved over year over year and exceeded industry averages. In evaluating our safety performance, we measure three primary metrics, the results of which are presented below on a year over year basis.

	Target	2017	2016
Injury Lost Time Claim Frequency⁽¹⁾	1.0 or less	0.76	1.16
Injury Total Recordable Injury Frequency⁽²⁾	4.0 or less	3.62	5.20
Gross Claims to Revenue	1.0% or less	0.93%	0.93%

⁽¹⁾ Lost Time Claim means a work related injury or illness acceptable by the WCB that renders a worker unable to work in any capacity on their regular scheduled work day.

⁽²⁾ Total Recordable Injury means the total number of all reportable injury claims.

Share Performance Graph

The following table and graph illustrate the cumulative return of our Common Shares at the end of each financial year, assuming an initial investment of \$100 on December 31, 2012, compared to the S&P/TSX Composite Total Return Index, assuming the reinvestment of all declared dividends and distributions where applicable.

We do not base our compensation strategy on the premise that there is an inherent connection between base salary levels and our share performance, rather salary determination is based upon market competitiveness, overall economic conditions and individual performance. However, there is a level of correlation between the profit share component of our compensation and share performance, as the overall profitability of Mullen Group is a key determining factor of the profit share pool and is reflected in Mullen Group's share price. Similarly, there is a level of correlation between the Share Option component of Mullen Group's compensation and share performance as the determination of the Share Options' value is based upon, among other things, share performance and volatility.

Compensation Program Allocation

In general, we provide the Named Executives with an overall compensation package that rewards superior performance. To achieve this goal a significant portion of total compensation is weighted to the profitability of Mullen Group, which is based on the annual profits generated by the Business Units as well as the long-term performance of Mullen Group as determined by share price appreciation. The Named Executive's pay mix for the 2017 year is set forth below identifying the percentage of compensation that is dependent upon the profitability of Mullen Group. As reflected in this table, a substantial percentage of the Named Executives overall compensation is derived from performance based, or "at risk", elements.

Named Executive	Base Salary/Benefits (%)	2017 Performance Based Compensation	
		Profit Share Allocation (%)	Long-Term Incentive (%)
Murray K. Mullen	0%	100%	0%
P. Stephen Clark	30%	44%	26%
Richard J. Maloney	24%	48%	28%
Joanna K. Scott	30%	36%	34%
Carson Urlacher	31%	30%	39%

Named Executive Officers - 2017 Compensation

Summary Discussion of Named Executive Officers 2017 Compensation

During 2017 the CNG Committee reviewed the compensation reports, considered the attainment of corporate goals and reviewed the Corporation's financial and safety results. The CNG Committee also benchmarked Mullen Group's 2017 compensation program with the Comparator Group compensation report, determining such was an appropriate comparative tool for reviewing the Named Executives' compensation since the Comparator Group encompassed entities having a range of lower, similar and higher financial returns than that of Mullen Group.

In reviewing compensation for the Named Executives, the CNG Committee reviewed the referenced reports in consultation with the Chairman, Mr. Murray K. Mullen. Following review of the data and giving consideration to evolving roles, responsibilities and job requirements of these Named Executives, as well as Mullen Group's overall compensation philosophy, the three primary components of the 2017 compensation program (as described on page 34) were determined as follows:

Base Salaries

- In accordance with Mr. Mullen's request, his base salary was set at a nominal amount. As a leader in our company, and as a key architect of our overall business strategy and growth since going public in 1993, Mr. Mullen initially made this request in mid-2009 in response to the economic downturn and cost cutting measures implemented by Mullen Group at that time. Since that time Mr. Mullen has continued to request that his compensation be derived solely from the Profit Share Plan component of our compensation program which request has been made again for 2018.
- In 2017 certain members of the senior executive team took time off without pay in an effort to contribute to the cost control measures implemented by Mullen Group in light of the slow recovery within the oil and gas industry and the resultant impact on the economic markets in which Mullen Group's Business Units operate.

Profit Share

- Approximately \$11.38 million was generated by the Business Units under the Profit Share Plan in 2017.
- Following a review of the operating and safety performance for 2018, the CNG Committee approved an aggregate \$11.38 million for allocation under the profit share pool.
- In accordance with each individual's terms of employment, the following members of the Executive Team are entitled to receive either a discretionary amount or a set percentage of the amount allocated to the aggregate profit share pool. As such, the following allocations were made:
 - Mr. Mullen received five percent, being \$570,000;
 - Messrs. Clark and Maloney each received two and a half percent, being \$285,000; and
 - Ms. Scott was awarded a discretionary profit share amount consistent with her roles and responsibilities within Mullen Group being \$175,000.

Long Term Incentives: Executive Team:

Share Options were granted to Stephen Clark, Richard Maloney and Joanna Scott in 2015 and 2017 to complement their base salaries and profit share allocations in relation to their evolving roles within Mullen Group, thereby providing an appropriate level of both long and short-term incentives for these individuals, the details of which are set forth in the following section entitled "Named Executives' Outstanding Share-Based Awards and Option-Based Awards".

Named Executives' Outstanding Share-Based Awards and Option-Based Awards

On November 6, 2017, Mullen Group's Board determined that it would be appropriate to grant Share Options to certain management employees as a long-term incentive. A total of 1,520,000 Share Options were granted to certain management employees and executives of Mullen Group and its Business Units. The Share Options granted to those individuals vest on a graduated basis with one-third of the options vesting on November 6, 2018, one-third vesting on November 6, 2019 and the remaining one-third vesting on November 6, 2020. These options were granted at a strike price of \$16.72, which was equal to the five-day weighted average of the Common Shares for the five trading days immediately preceding the date of grant. In granting these option-based awards, the Board considered the previous grants of options.

The following sets forth all option-based awards outstanding as of the year ended December 31, 2017 for each Named Executive.

Named Executive Officers - 2017 Compensation

Employment Agreements and Named Executives' Termination and/or Change of Control Benefits

Mullen Group does not have any formal employment contracts with our Named Executives. Similar to the employment processes established for all our employees, each Named Executive's personnel file contains a memorandum outlining the basic terms of his or her employment with Mullen Group. We do not have any agreement or arrangement with a Named Executive relating to the payment of compensation in the event of resignation, retirement or termination of employment, a change of control of Mullen Group or its Business Units or a change in a Named Executive's responsibilities following a change of control.

Named Executives do not have any agreements, or arrangements, that provide for the payment of compensation in the event of termination or change of control.

Loans to Directors and Named Executives

None of our directors, Named Executives or former directors or officers, nor any of their associates or affiliates, is now or has been indebted to Mullen Group or any of its subsidiaries since the commencement of the last completed fiscal year, nor is, or at any time since the beginning of the most recently completed financial year of Mullen Group has any indebtedness of any such person been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by Mullen Group or any of its subsidiaries.

Directors and Officers Liability Insurance

We have liability insurance for our directors and officers to protect them against liabilities they may incur in their capacity as directors and officers. We maintain annual primary coverage of \$15.0 million, with excess coverage of \$15.0 million. We paid premiums for the current coverage year of approximately \$140,129. The insurance carries a deductible of \$100,000 (except for securities claims, which carries a \$250,000 deductible). This coverage is reviewed annually.

COMPENSATION PHILOSOPHY FOR NON-MANAGEMENT DIRECTORS

The CNG Committee oversees the remuneration program for our directors, the primary objectives of which are intended to:

- attract and retain high-quality, experienced individuals with a diverse background of experience and interests;
- compensate our directors at a level reflecting the oversight risks and responsibilities they assume while serving on our Board; and
- offer a total remuneration package that is comparable to our Comparator Group (refer to page 32).

Our non-management directors are remunerated for services rendered in their capacity as directors by way of a combination of retainer fees and meeting attendance fees (the "**Directors' Remuneration**"). We believe this ensures the primary remuneration objectives are met, while ensuring our directors are unbiased when making decisions and carrying out their oversight duties while serving on our Board.

Mr. Murray Mullen being an employee of Mullen Group, does not receive the Directors' Remuneration for his respective role as a director.

The Directors' Remuneration is reviewed annually by the CNG Committee and recommendations are made to the Board following a review of market data from the Comparator Group. The Directors' Remuneration has not increased since 2012, at which time the retainer fees for non-management directors were adjusted. In 2016, the CNG Committee recommended to the Board, which the Board unanimously approved, that the retainer fees for non-management directors be reduced by 20 percent as a cost control initiative in response to the economic downturn. In 2018, the Board unanimously approved the reestablishment of the 2012 retainer fees.

Outstanding Option-Based Awards, Share-Based Awards and Incentive Plan Awards: Value Vested or Earned During the Year

Mullen Group does not have share-based awards as such is defined within NI 51-102. Rather, as previously discussed, we have a Stock Option Plan that provides long-term incentives to executives and senior management through the issuance of Share Options. Prior to 2008, non-management directors were entitled to receive Share Options as part of their remuneration. In 2008, the Board determined that option grants would no longer form part of the non-management Directors' Remuneration. As such, the non-management directors do not participate in our Stock Option Plan. We will continue to monitor

the remuneration practices of the Comparator Group and in general for evolving practices in this regard.

Share Ownership

Mullen Group's Directors Remuneration package does not include an equity based component, such as stock option grants or other forms of deferred share units, which are often provided to directors to assist in the acquisition of shares in relation to mandatory share ownership requirements. As such, we have chosen not to impose a mandatory share ownership threshold on our directors. However, the majority of our non-management directors have individually chosen to acquire Common Shares of Mullen Group such that most directors have invested at least three times their annual Board Retainer (i.e., not less than \$120,000) in Mullen Group Common Shares.
